

Fast and efficient cooking results

Fast, precise and controllable, Induction cooking is becoming an increasingly popular choice for the discerning chef.

Fast, precise and controllable, Induction cooking is becoming an increasingly popular choice for the discerning chef.

Product Benefits & Features

Clean as you cook

Because the surface around the pans stays cool as you cook, you can get rid of spills as you go along. Nothing gets burnt on, and there's nowhere for dirt to hide. So it's easy to keep the hob area looking pristine – even while you're still cooking.

- Automax function
- Powerful booster
- 15 stage digital power level displays
- Child safety control lock
- Control lock
- Auto safety switch off
- Front left: 1 large induction zone with booster
- Front right: 1 small induction zone with booster
- Rear left: 1 medium induction zone with booster
- Rear right: 1 medium induction zone with booster

Zone in with intuitive controls

By turning the hob on and placing a pan down, the ActiveTouch automatically lights up, intuitively showing which zone to use. Once selected, the temperature lights up in red, while the other available options remain white. Backlit LED lights also indicate where cookware is positioned. Providing complete control when cooking.

Hob2Hood - Cook without distractions

This hob has Hob2Hood, a useful feature that automatically controls your cooker hood and lights. It means you don't get distracted by trying to regulate the fan when you're at crucial cooking moments: you can simply concentrate on getting your dish right. But if you'd rather adjust the fan speed

Intense rapid heat

No more waiting around for pots to boil. The PowerBoost button gives you an instant burst of heat that boils water in under 90 seconds* – that's even faster than an electric kettle. It's perfect for tasks like boiling potatoes, and other quick cooking jobs too, like searing meat.

Total control over cooking time

The adjustable timer (max. 99 minutes) will remind you of the cooking time. It can also be used as a minute minder when the zones are not in use.

Product Specification

Hobs Dimensions	576x516
Aperture dimensions HxWxD in mm	46x560x490
Radius cutting	5
Total electricity loading, W	7350
Hob safety	Automatic Switch Off
Dial	2300/3700W/210mm
Rear - Power/Diameter	1800/2800W/180mm
Right front - Power/Diameter	1400/2500W/145mm
Right rear - Power/Diameter	1800/2800W/180mm
Gas supply: natural gas	No
Gas replacement	No
Gas replacement	No
Residual heat indicator	7 Segments
Led Colour	Red
ProdPartCode	All Open
