

Combine zones to cook more

This hob can easily cope when you're cooking large amounts – or simply with bigger pans. Just touch the Bridge button to link and control two cooking zones together to fit any large or long pan. Sharing the same temperature and time setting, the linked zones are ideal when you're cooking for dinner parties or bigger

Product Benefits & Features

The adaptable surface for every pan

The MaxiSense® induction hob has self-sizing cooking zones. That means each zone detects the sizes and shapes of the pans you're using, however large or small, and sends immediate heat to fit their bases exactly. So you have complete control, and the hob responds just the way you need it to.

- Automax function
- Residual heat indicators
- Powerful booster
- 15 stage digital power level displays
- Child safety control lock
- Control lock
- Auto safety switch off
- Front left: 1 large induction zone with booster
- Front right: 1 small induction zone with booster

Hob2Hood - Cook without distractions

This hob has Hob2Hood, a useful feature that automatically controls your cooker hood and lights. It means you don't get distracted by trying to regulate the fan when you're at crucial cooking moments: you can simply concentrate on getting your dish right. But if you'd rather adjust the fan speed

Perfect control

'Direktouch' controls use the very latest digital technology to ensure precise heat selection.

Clean as you cook

Because the surface around the pans stays cool as you cook, you can get rid of spills as you go along. Nothing gets burnt on, and there's nowhere for dirt to hide. So it's easy to keep the hob area looking pristine – even while you're still cooking.

Intense rapid heat

No more waiting around for pots to boil. The PowerBoost button gives you an instant burst of heat that boils water in under 90 seconds* – that's even faster than an electric kettle. It's perfect for tasks like boiling potatoes, and other quick cooking jobs too, like searing meat.

Product Specification

Hobs Dimensions	590x520
Aperture dimensions HxWxD in mm	44x560x490
Radius cutting	5
Total electricity loading, W	7350
Hob safety	Automatic Switch Off
Dial	2300/3200W/210mm
Rear - Power/Diameter	2300/3200W/210mm
Right front - Power/Diameter	1400/2500W/145mm
Right rear - Power/Diameter	1800/2800W/180mm
Gas supply: natural gas	No
Gas replacement	No
Gas replacement	No
Residual heat indicator	4
Led Colour	Red
ProdPartCode	E - Generic Partner All
