

Hot Air. For fast, even cooking every time

The Hot Air fan circulates the temperature evenly, creating the ideal conditions for baking. As a result, you achieve perfect results whatever you're making.

Product Benefits & Features

Multilevel Cooking. Cook more at the same time
With Multilevel Cooking, the additional heating ring ensures your dishes are perfectly cooked even when loaded with two trays at the same time.

Expect spotless with a self-cleaning oven
The Catalytic Cleaning feature prevents dirt and grease from building up in the oven. This self-cleaning technology automatically activates when the temperature reaches 250C and removes cooking residue. No scrubbing, just a spotless oven.

The Timer means you never overcook
To assure that your dishes are never overcooked, this oven boasts an electronic Timer that switches the heat off when the set time has been reached.

Ignite. Sear. Serve. Quick cooking with gas
Expect fast results with the gas hob on the freestanding cooker. It provides powerful, highly responsive heating. So pots and pans are ready to cook with as soon as the flame is ignited. Meaning less waiting, and more focus on finessing flavours.

The oven that's easier and more convenient to clean!
The moveable shelf supports make it easier than ever to give your oven a thorough clean, even in those tricky corners, in less time and with less effort.

- Catalytic cleaning: A special oven coating lets you burn away grease and fat by running the oven at a high temperature.
- Ignition: Electric cooking zone ignites by turning the control knob.
- Residual heat indicators: Show when the hob surface is still hot after use.
- Safety with thermocouples, if the flame fails gas is cut off automatically.
- Electric oven & gas hob.
- Conventional Cooking: Heat from the top and bottom elements provides traditional cooking.

Product Specification

Series	5000	Main Oven - Trays Included	1 Dripping pan black enamel
Energy Rating	A	Second Oven - Trays Included	N/A
Main Oven - Internal Capacity (L)	77	Main Oven - Shelves Included	1 Grill pan grid chromed wirework, 3 Flat shelf chromed wirework
Second Oven - Internal Capacity (L)	39	Main Oven - Shelf Support	Pyrolytic Safe Screwed In
Cleaning	Catalytic	Second Oven - Shelf Support	Grid runner
Hob Type	Gas Hob	Gas Supply: Natural Gas	G20 (2H) 20 mbar
Functions (Main Oven)	Defrost, Light, True fan cooking	Product Number (PNC)	All Open
Functions (Second Oven)	Conventional/Traditional cooking, Grilling, Light	Plug or Hardwired	Hardwired connection only
Required Fuse (A)	32		
Dimensions (mm) (HxWxD)	894-912x600x600		
Voltage (V)	240		
Total Electricity Loading (W)	5200		
Colour	Stainless steel		
Cleaning (Second Oven)	No		
Main Oven Fan Mode - Energy consumption per cycle (Kwh)	0.83		
Second Oven Conventional Mode - Energy consumption per cycle (Kwh)	0.75		
Right Front - Power/Diameter	950W/66mm		
Right Rear - Power/Diameter	1900W/80mm		
Left Front - Power/Diameter	2800W/109mm		
Left Rear - Power/Diameter	1900W/80mm		
Front Middle - Power/Diameter	No		
Rear Middle - Power/Diameter	No
