

Finishes drying with fresh air

AirDry finishes drying with natural airflow. The door automatically opens towards the end of the cycle, letting room-temperature air into the dishwasher. Up to 3x better drying compared to closed door system.

Product Benefits & Features

Open the door to dry dishes

AirDry delivers up to 3x better drying performance when compared to closed-door systems. The door automatically opens at the end of the drying phase and air is circulated inside the machine. Dishes emerge perfectly dry. Every time.

Fast and efficient performance

This dishwasher gives you perfect performance - fast, thanks to its special half-hour program.

Optimise performance with machine care

Maintain optimum performance with the Machine Care cycle. The programme is designed to remove limescale and the build-up of grease. To ensure the dishwasher always performs at its best, with special care detergent.

Seamless integration

PerfectFit Sliding Hinge system makes for seamless dishwasher installation. It accommodates all niche machine heights and removes the need to cut the plinth. Fit for any modern kitchen.
