

### Finishes drying with fresh air

AirDry finishes drying with natural airflow. The door automatically opens towards the end of the cycle, letting room-temperature air into the dishwasher. Up to 3x better drying compared to closed door system.

## Product Benefits & Features

### Open the door to dry dishes

AirDry delivers up to 3x better drying performance when compared to closed-door systems. The door automatically opens at the end of the drying phase and air is circulated inside the machine. Dishes emerge perfectly dry. Every time.

### At-a-glance check

This dishwasher has a clever way to keep you fully up to date with the status of your dishes. Its beam-on-floor technology projects a red light onto the floor while the cycle is still in progress. And when everything is ready to unload, it switches to a green one. Simple, and

### Space where you need it: Height-adjustable upper basket

Easily create more space at the top or bottom with the height-adjustable upper basket. Simply grab the handle on both sides of the upper basket and slightly pull up to raise or lower either side or both sides.

### Fast and efficient performance

This dishwasher gives you perfect performance - fast, thanks to its special half-hour program.

### Optimise performance with machine care

Maintain optimum performance with the Machine Care cycle. The programme is designed to remove limescale and the build-up of grease. To ensure the dishwasher always performs at its best, with special care detergent.
