

Product Benefits & Features

Design aligned with your style

This hob works great and looks even better. Its stunning design allows it to align with any stylish, contemporary kitchen.

Instant activation with integrated ignition

Activate the cooking zones with a single press and turn. The integrated ignition ensures immediate burner activation for quick, seamless cooking. Enjoy hassle-free operation every time, giving you the confidence to start cooking in no time.

Automatic gas shut-off for complete safety

If the flame goes out or a burner stays on for over four hours, the automatic shut-off kicks in to cut the gas supply. This prevents potential hazards, ensures safety, and gives you peace of mind every time you cook.

- Safety first with thermocouples, if the flame fails gas is cut off automatically.
- Cast Iron Pan Supports

Product Specification

Main Colour	Stainless Steel
Plug or Hardwired	Hardwired connection only
Dimensions (mm) (WxD)	290x510
Built-in Dimensions (mm) (HxWxD)	41x270x490
Cord Length (m)	1.1
Front Middle - Power/Diameter	1000W/54mm
Rear Middle - Power/Diameter	3000W/100mm
Control Type	Knobs
Gas Supply: Natural Gas	G20 (2H) 20 mbar
Gas Replacement	G30/G31 (3+) 28-30/37 mbar; With Additional Injectors
Product Number (PNC)	ER Open
Pan Support Type	1, Cast Iron
Number of Cooking Zones	2
Hob Type	Gas Hob
Frame Type	No
Hob Safety	Thermocouple
Net Weight (Kg)	5.5
Gross Weight (Kg)	5.9
Wok burner	No
