

Easy, responsive cooking that saves energy*

The 3000 induction hob heats the pan directly, delivering fast and accurate temperature response for easier, more precise cooking. Heat reacts instantly to your adjustments, helping you save energy* while staying fully in control.

*In comparison to radiant in accordance with international testing standard (IEC 60350-2) considering only boiling phase time

Product Benefits & Features

Save time and energy* with fast, responsive induction cooking

By heating the pan directly instead of warming a burner, induction hobs apply heat quickly and precisely where it's needed. Temperature control is immediate and accurate, helping you save time and energy* while cooking with confidence.

Precise heat control with Touch Controls

The Touch Controls user interface is designed for effective temperature control. Simply select the zone and select the power level using the plus or minus buttons. Precision for every step of the recipe, always resulting in great taste.

*In comparison to radiant in accordance with international testing standard (IEC 60350-2) considering only boiling phase time

The Booster Function gets pots and pans hot quick

The Booster Function rapidly gets pots boiling and pans hot. Helping you get a quicker start to cooking, so you can be finished cooking faster.

Precise settings. Protected with Key Lock

Activate the Key Lock feature to lock cooking settings. From the time to the temperature, everything can be set and secured. So there's no possibility of changing anything accidentally while wiping spillages from the surface.

Easy replacement: Induction hob fits existing countertop opening

Cook like a professional: The AEG Mastery induction hob is an easy replacement for your radiant hob, with no changes to your kitchen counter.

- PowerBoost: Gives an instant increase in temperature allowing water to boil in less than 90 seconds.
- OptiFix™: Only one step to install the hob.
- Child lock safety function.
- Residual Heat Indicators

Product Specification

Series	3000
Main Colour	Black
Plug or Hardwired	Hardwired connection only
Dimensions (mm) (WxD)	590x520
Built-in Dimensions (mm) (HxWxD)	48x560x490
Recommended fuse (A)	N/A
Cord Length (m)	1.5
LED Colour	Red
Left Front - Power/Diameter	2200/2400W/210mm
Right Front - Power/Diameter	1400/1500W/145mm
Left Rear - Power/Diameter	1400/1500W/145mm
Right Rear - Power/Diameter	1700/1800W/180mm
Control Type	King Fisher
Gas Supply: Natural Gas	No
LPG Conversion Kit Included	No
Product Number (PNC)	KR
Pan Support Type	No
Number of cooking zones	4
Hob Type	Induction hob
Frame Type	Frameless Square
Hob Safety	Automatic Switch Off
Total Electricity Loading (W)	6900
Net weight (kg)	8.49
Gross weight (kg)	9.2
Wok burner	No
