Product Benefits & Features

Microwave-grill combination. Fast Cooking with a crisp finish

Combine the power of a grill and the efficiency of a microwave, with Fast Cooking. Melt mozzarella-topped toasties, or harden a crème brûlée's sugared lid, all in the microwave. Versatile cooking, mastered.

Fast heat-up time, to get you cooking quickly

Superior and quick cooking results - this oven heats up fast, giving you more time to enjoy the meal with your family and friends.

Effortless control. EXPLore LED Display with Touch buttons

Explore a new way to experience your oven with the responsive EXPLore LED Display with touch buttons. The vibrant interface gives you quick access and dynamic control of cooking time, temperature, and other features.

Cooked evenly everywhere

With this oven, using energy efficiently also means cooking efficiently. It has a new convection system called SurroundCook, which ensures hot air circulates evenly throughout the oven cavity. The result is that the oven heats up faster and cooking temperatures can be reduced by
