

Automatically adjusts time, water and energy consumption based on the load size

The 6000 ProSense® Washing Machine automatically adjusts time, water and energy consumption to the size of the load, even if it just a single shirt or your entire weekly laundry. Ensuring your clothes are only washed for the exact amount of time needed to maintain colours and textures for longer.

*Internal test for time, water and energy consumption of a 30°C Cotton cycle optimized with ProSense for a 1kg load vs. maximum load.

Product Benefits & Features

ProSense® reduces up to 30% of time, water, and energy* by optimising every load

ProSense® automatically weighs each load to provide a tailored cycle. It can reduce your time, water, and energy usage by up to 30% when comparing 1kg vs maximum load*. Sensors adjust washing times precisely, providing optimum treatment for every garment. Ensuring your laundry comes out with that

Less creases with EasyIron

The EasyIron programme leaves your clothes with fewer creases. During the gentle cycle, the drum alternates the direction of its rotation, allowing clothes to move more freely. So you spend less time standing over your ironing board.

*Internal test for time, water and energy consumption of a 30°C Cotton cycle optimized with ProSense® for a 1kg load vs. maximum load.

The hygiene programme removes more than 99.99% of bacteria and viruses*

The Hygiene programme certified by Swisstat is a high-performance wash cycle that removes more than 99.99% of bacteria and viruses* from clothes. By keeping your wash temperature above 60°C, you can also reduce allergens.

Mixload 69 min customises laundry cycles and saves you time

The MixLoad 69 min programme adjusts energy usage based on load weight when cleaning daily mixed loads. It washes clothes at 30°C and in just 69 minutes. Achieve optimal performance and outstanding cleaning results with MixLoad 69 min.

*Tested for Staphylococcus aureus, Enterococcus faecium, Candida albicans, Pseudomonas aeruginosa and MS2 Bacteriophage in external test performed by Swisstat Testmaterialien AG in 2021 (Test Report No. 202120117)

Inverter Motor+. Durable and energy-efficient

Inverter Motor+ is the advanced evolution of the inverter motor. Its permanently magnetized rotor eliminates the need for magnetization, delivering precise control and consistency, and enabling accurate load recognition through a dedicated algorithm.

- Capacity guide: Suitable for a small family.
- MixLoad69: Wash your daily mixed loads at just 30°C in only 69 minutes.
- Delicates: Gently washes the most delicate of fabrics.
- TimeSave: Cuts cycle time by up to half for a faster, flexible wash.
- Aqua control: An internal system which monitors the water level to detect leakage.
- Prewash option

Product Specification

Series	6000	Woolmark	Woolmark Blue + Certified Ariel/Lenor
Washing Capacity (Kg)	10	Drawer Compartments	3
Max Spin Speed (rpm)	1400	Product Number (PNC)	AEG Exclusiv Line
Program List	20min 3Kg, Cottons, Delicates, Duvet, Eco 40-60, Hygiene, Mixload 69Min, OutDoor, Synthetics, Wool DELAY, Easy Iron, Extra Rinse, ON/OFF, Options, Spin, Stain/Prewash, Start/Pause, Temp., TIME SAVE	Series	6000 Series
Push Button Functions		Connectivity	No
Noise Rating (dB)	B	Spin Energy Rating	B
Inlet Hose Length (cm)	130	Remaining Moisture (%)	53.5
Dimensions (mm) (HxWxD)	847x597x660(max)	Energy Consumption per 100 wash cycles (kWh)	51
Outlet Hose Length (cm)	145	Noise level, dB(A) (EU 2017/1369)	76
Depth max (mm)	660	Eco 40-60 Programme Duration (Hours & Minutes)	3:50
Motor Type	Inverter Motor+	Push Button Functions	Easy iron, Extra rinse, Only Rinse, Spin/Drain, Start/Pause
Drum Volume (L)	68.6	Energy Rating	A
Display	Medium LED	Net weight (kg)	74.5
Cord Length (m)	1.8	Gross weight (kg)	76
Total Electricity Loading (W)	2100	Main Colour	White
Plug or Hardwired	U.K.		
Wheels/Feet	4 adjustable feet		
Voltage (V)	230-240		
Recommended fuse (A)	13		
Frequency (Hz)	50
