

Superior washing – in less than 1 hour. at only 30°C. gentle care for clothes

The 8000 PowerCare Washing Machine uses a unique technique to quickly pre-mix detergent & fabric conditioner, activating completely before it even enters the drum. PowerCare ensures that the detergents and softeners get distributed evenly on your clothes to clean and care for every fibre for remarkably clean laundry results

Product Benefits & Features

Powerclean 59 min. complete stain removal, even in low temperatures*

PowerClean 59 min provides complete stain removal in under one hour at 30°C.* It ensures detergent reaches every fibre — so that a short cycle is as effective as a long cycle, ensuring stains are completely removed.

*External test of PowerClean 59 min 30°C programme with 5 kg load shows 100 % stain removal of 59 most common household stains.

The UniversalDose drawer activates pods® 60% faster – giving extra power to quick and

UniversalDose is a unique drawer designed for PODS® capsules that uses tailored waterjets to soften, pierce and fully dissolve PODS® in the drawer, activating them 60% faster, compared to when placed in the drum. This gives extra power to stain removal in cold and quick 1-hour

*Internal test using a cotton 30°C one-hour programme, comparing PODS® in the UniversalDose drawer vs. PODS® in the drum

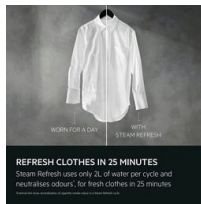

The next level of appliance interaction with AEG Connected

Use the AEG app to personalise settings and get smart tips and suggestions. Customise laundry cycles and send instructions to your appliance to adapt it to your needs and habits. Smart and easy care via your smart phone.

GARMENTS REFRESHED,* WRINKLES REDUCED WITH STEAM REFRESH

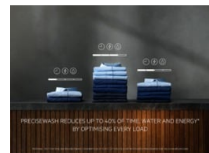

Steam Refresh neutralises odours* and reduces wrinkles on garments, including delicates, in just 25 minutes. And if you like an extra boost of freshness, just add our aromatic steam fragrance. Giving it that just washed freshness.

*External test show neutralisation of cigarette smoke odour in a Steam Refresh cycle.

Precisewash reduces up to 40% of time, water and energy* by optimising every load

ProSense+ automatically adapts the energy usage and settings depending on the weight of the laundry load. So, you get customised laundry cycles that reduce energy, time and water usage by up to 40% when washing smaller loads.*

*Internal test for time, water and energy consumption of a 30°C Cotton cycle optimized with PreciseWash for 1kg vs maximum load.

- Includes 5 year warranty
- Capacity guide: Suitable for a small family.
- PowerClean59: A powerful 59 minute programme that thoroughly cleans clothes at just 30°C and in under 1-hour.
- PowerCare: This washing Machine uses a unique technique to quickly pre-mix detergent & fabric conditioner, activating completely before it even enters the drum.
- Delicates: Gently washes the most delicate of fabrics.
- ProSteam®: Refresh clothes with a gentle steam cycle, using only 2L of water, ideal for garments that don't need a full wash.
