

Perfect protection – frost-free

7000 No Frost with MultiFlow ensures stable temperature and humidity in the whole freezer to protect food quality. No Frost prevents ice from building up, eliminating the need to defrost.

Product Benefits & Features

Perfect food protection with No Frost MultiFlow

Optimal humidity, stable temperature and no need to defrost. No Frost Multiflow ensures your food is perfectly preserved and you never need to defrost.

Quick-opening doors. Minimum-effort accessibility

Easy access to the freezer with the quick-opening door system. The freezer actively supports the opening effort through a system that pushes the door outwards as the handle is pressed.

2 Year Manufacturer's Warranty

Peace of mind included with a 2 year manufacturer's warranty.

Manage functions and temperature with Electronic Control

Electronic control gives you the ability to make precise modifications of the temperature and other storage functions. This efficient Upright Freezer also gives you instant feedback of your adjustments on the digital control panel.

OpenSpace for easy access

This upright freezer is constructed using OpenSpace design for better visibility and flexible storage. The open glass shelves allow for easy access, while being easily removable for when you need to store big items.

- Frostmatic: Electronic controls quickly freeze food to the pre set temperature, preserving the flavour, nutritional value and appearance of the food.
- Open door alert: Audible & visual.
- Flexi-Space: Removable glass shelves in freezer compartment.
- Open door alert: Audible & visual.
- Frost-free: The frost-free feature eliminates the need for manual defrosting, saving time and ensuring quicker, more even cooling for better food preservation.
