

Fast, powerful and precise. For efficient cooking
 The 5000 Fast & Powerful induction hob with Powerboost heats twice as fast as a radiant hob. Efficient heating with immediate temperature response for seamless and precise cooking experience.

Product Benefits & Features

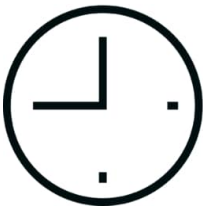

Heat even faster and more efficiently
 Fast & Powerful induction hob ensures efficient heat. The temperature response is fast and precise, ensuring easier and more accurate cooking.

Instant access and precise settings with Individual Touch Controls
 With the Individual Touch Controls user interface, you can control each zone individually. Simply place your pot or pan on the hob and control the heat zone using the plus or minus buttons. For delicious results every time you cook.

Plug and Play—quick set up, so you can quickly start cooking
 Say goodbye to those complex fuser wires and connection units. This Hob has a Plug and Play cord that is easy to use. Plug it into almost any standard electrical socket and start cooking.

Hob timer. Built for precision
 The built in hob timer can be set up to one hour, and will automatically power the hob down when it elapses. For effortlessly precise results.

Perfectly safe for your children with Child lock
 The child safety lock ensures that the hob settings cannot be accidentally changed, so you can use the hob safely when your children are around.

- Hob2Hood®: Allows you to control the cooker hood via your hob.
- PowerBoost: Gives an instant increase in temperature allowing water to boil in less than 90 seconds.
- Pause functionality allows you to take short breaks without losing your cooking settings.
- OptiFix™: Only one step to install the hob.
- Child lock safety function.
- Minute Minder
