

Greater flexibility in the kitchen
Cook with more freedom with 5 Individual Zone Controls Ceramic Hob. Individually control 5 different cooking zones with separate timers and 9 power levels for each.

Product Benefits & Features

5 Individual Zone Controls. For more cooking freedom
The 5 Individual Zone Controls user interface means more choice, flexibility and freedom in the kitchen. Each zone has a timer and 9 power levels, so now you can explore greater possibilities when you cook.

Optimised cooking flexibility with multiple-zone function
More freedom to prepare several dishes at once thanks to 5 cooking zones. This hob provides an optimised range of cooking options: two regular heat sources, a triple-ring zone and an oval multi-purpose zone.

Faster cooking with the Booster function
Make the most of your time in the kitchen thanks to this hob's Booster function. It heats your hob extra-quickly, so you can get cooking straight away.

Safe and efficient use of residual heat
For each heat zone, the OptiHeat Control indicates three different levels of residual heat.

The hands-free hood
The Hob2Hood® feature enables you to switch on your cooker hood and lights as you start cooking on your hob. You can even use the hob to regulate the fan. Keeping your hands focused on your cooking.

- Hob2Hood®: Allows you to control the cooker hood via your hob.
- PowerBoost: Gives an instant increase in temperature allowing water to boil in less than 90 seconds.
- Pause functionality allows you to take short breaks without losing your cooking settings.
- OptiFix™: Only one step to install the hob.
- EcoTimer™: Saves energy by using the residual heat from the hob, turning off the cooking zone before the end of your timer to boost efficiency.
- Child lock safety function.
- Minute Minder
- Individual Zone Timers: Set a separate timer for each cooking zone on your hob.
