

Gentle drying at half the temperature. No compromise on results.
The 7000 SensiDry® Tumble Dryer uses heat pump technology. It dries clothes evenly, at low temperatures, without extending the drying time. Gentle drying ensures items are never subjected to unnecessary heat, so your clothes last longer.

Product Benefits & Features

MIXDRY. NO SORTING. NO EFFORT. DRY COTTONS WITH SYNTHETICS

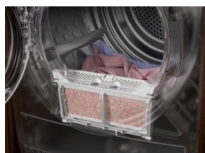

MixDry effortlessly and thoroughly gets synthetic and cotton garments evenly dried without overdrying or underdrying. No sorting needed. The heat-pump technology ensures items get the exact amount of heat, keeping energy consumption low.

Precisedry. saves time and energy. protects your clothes

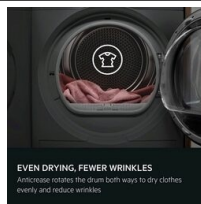

The advanced humidity sensors of ProSense+ help save time and energy. They proportionally adjust the time and energy usage based on the load size. Providing the right care to every load, so clothes look and feel their best for longer.

*Tested with load of mixed cotton and synthetics up to 5kg.

The convenient to clean and energy efficient, EasyClean filter

The EasyClean Filter is an efficient single filter that can be conveniently cleaned. It helps save energy by maintaining stable energy consumption for the lifetime of the product.

Anticrease evenly dries your clothes, helping to reduce wrinkles

The Anticrease technology of our tumble dryer allows the drum to rotate in two directions, which helps clothes dry more evenly, and reduces creases and wrinkles.

The full reversible door offers four practical handle options

The Full Reversible Door lets you choose between four different door handle placement options. So, whether you stack your appliances on top of each other, or place them side by side, you can open the door in the direction that is best for you.

- Heat pump: Working like a refrigerator in reverse, it delivers outstanding energy efficiency—providing all the benefits of tumble drying at a much lower cost.
- Anti crease: Reduce ironing time with even, multidirectional drum rotation, ensuring even drying and fewer wrinkles.
- SensiDry®: Dries clothes evenly at lower temperatures with precise sensors, without extra time.
- PreciseDry: Advanced humidity sensors adjust drying time and energy use based on load size.
- Delay start option.

Product Specification

Drying Capacity (kg)	8	Plug or Hardwired	UK Moulded Plug
Dryer Type	Heat Pump	Condensation Efficiency Rating	B
Program List	Duvet, Easy Iron, Mixdry, Refresh, SportWear, Synthetics, Bed Linen XI, Cotton ECO, Cottons, Delicates	Included Accessories	None
Dimensions (mm) (HxWxD)	850x596x663(max)	Energy Rating	A++
Push Button Functions	+Anti Crease, DELAY START, Dryness, End Signal, ON/OFF, Start/Pause, Time Dry	Annual Energy Consumption (kWh)	235
Interior Light	None	Noise (dB)	66
Cord Length (m)	1.45	Main Colour	White
Drum Volume (L)	118		
Drum Material	Stainless Steel		
Depth Max (mm)	663		
Voltage (V)	230-240		
Required Fuse (A)	13		
Frequency (Hz)	50		
Door Hinge Position	Right reversible by user		
Motor Type	Asynchronous		
Optional Accessories	Direct drain hose, Stacking kit		
Product Number (PNC)	All Open		
Wheels/Feet	4 adjustable feet		
Net Weight (Kg)	47.5		
Gross Weight (Kg)	50		
Total Electricity Loading (W)	800
